

MAYA'S HOPE

# 2022 Ukraine Impact Report

---

January 2023

## Mission

---

Based in New York City, Maya's Hope is a 501(c)3 non-profit dedicated to helping cutie pies around the world.

Maya's Hope works to improve the quality of life of orphaned, impoverished, and special-needs children on a global scale. Whether providing funding for loving caregivers, vitamin-rich formula, or access to quality medical care, Maya's Hope improves lives, one child at a time!

## Emergency Response

---

The Ukraine Emergency Fund supported children who are impacted by war.

## Our Impact

---

Maya's Hope has served Ukraine for the last ten years. However, our workload has increased tremendously due to the war in Ukraine. Our team and partners in Ukraine had to adapt quickly to navigate a complex environment to provide aid where it was needed the most.

**Since February 2022, we helped 10,888 children in Ukraine by**

- Providing humanitarian aid in the form of medicines, nutrition, and hygienic products
- Purchasing sanitation and industrial cleaning machines for an orphanage taking in an influx of displaced children
- Sending palettes of baby food through Germany
- Delivering medical equipment to regional hospitals and oxygen concentrators for children with cystic fibrosis
- Providing rehabilitation therapy for children with severe special needs
- Furnishing our charity partner in Eastern Ukraine with a large transportation vehicle to allow for ease of movement and transportation of goods, and as a people-mover
- Providing food vouchers to families
- Providing nutrition, hygienic products, and medicines to foster homes in Eastern Ukraine

The assistance Maya's Hope provided helped Ukrainian families to shelter in place and have sufficient supplies while, in many cases, men in the family were conscripted to fight.

It's been a heartbreaking year for children in Ukraine, but we have also experienced many successes and uplifting moments.

# 10,888 children in Ukraine were helped by Maya's Hope in 2022!

## Hospitals

1,347 babies in hospitals were provided with necessary medications, nutrient formula, and baby bottles.

## Orphanages

Medications, sanitation products, and essential appliances were purchased for orphanages with 468 orphaned children in total.

## Food Vouchers

The families of 4,398 children were provided with food vouchers.

# 10,888 children were helped by Maya's Hope in 2022!

---

## Essential Needs

2,887 children were helped with organic baby food, formula, diapers, wipes and other essential needs.

## Financial Aid

The families of 1,704 children received direct financial assistance.

## Medical Assistance

84 children received necessary medical assistance, outpatient treatment, and rehabilitation therapy.

## Our Projects

---

Since February 2022, Maya's Hope has supported almost 11,000 children in need of humanitarian assistance and continues to carry on its important mission of serving orphaned, impoverished, and special-needs children.

01

### Funding Physical Therapy

The nature of requests for help has changed. Most of them are still based on the loss of regular full-time earnings and the inability to find a new source of income. The developmental therapy and rehabilitation courses have become a top request once again.

02

### Supporting Orphanages

Due to the war, state-supported orphanages lost their funding and often rely on the generosity of individuals and NGOs. Maya's Hope supports orphanages by providing them with necessary appliances, warm clothes and bedding, non-perishable foods, etc.

## Our Projects

---

03

### Providing Essentials to Children with Special Needs

Due to war-induced inflation, the cost of products has gone up 3 to 4 times. Maya's Hope keeps ensuring the families in the programs have everything necessary for the well-being of their children.

04

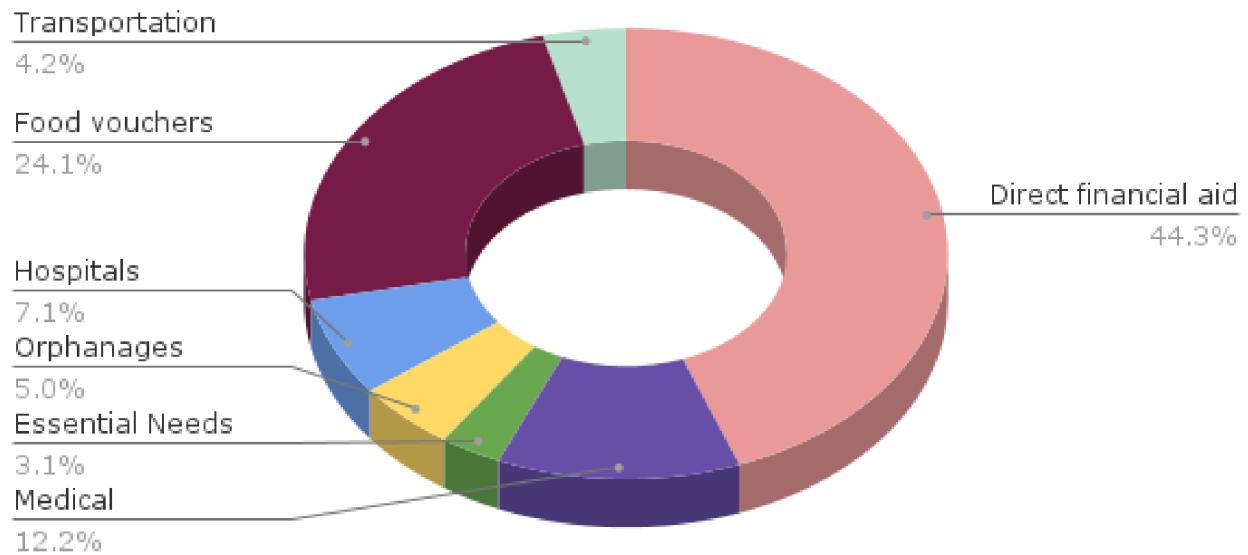

### Helping Children and Their Families Survive a Brutal Winter

The situation in Ukraine looks dire since many regions have damaged or destroyed electrical grids and thermal power plants. Families in Ukraine need wall and window insulation, warm clothes, bedding and blankets, firewood, and non-perishable food for the winter. Maya's Hope continues to provide direct financial aid to ensure children in Ukraine remain warm and healthy during the brutal winter.

# Financials

## Program Expenses

Total Program Expenses	\$569,997.01
Direct financial aid	\$252,298.78
Medical	\$69,618.80
